JEWISH CHRONICLE INDEX 1891-1895

The Jewish Chronicle Index 1891-1895 is a five - year cumulative index.

It comprises an index of persons - PERSONALIA - followed by a subject index divided as follows -

GENERAL
SPECIAL
ABROAD
PROVINCES

SPECIAL comprises features of the paper (in alphabetical order) as follows:- Books, Drama, Illustrations, Leaders, Letters to the Editor, Music, Notes of the Week, Obituaries, Poem, and Supplements.

Explanatory notes relating to these divisions and subdivisions are given at the head of each section.

Abbreviations are used where obvious, or where a previous full mention has been given in an entry. A note in square brackets thus [NW] (for Note of the Week), [Leader], [Letter] means a mention in that feature, not necessarily the main subject of that feature.

Headings in SPECIAL sections have been chosen to correlate with headings in the other main divisions, but see the Notes at the head of those sections.

As the Index covers many countries, all name prefixes - e.g. Hirsch, de - have been inverted, whether or not this is usual in a particular language. Searchers are alerted throughout to alternative spellings of surnames.

Cross references are given separately at the end of entries. Hebrew entries appear at the end of GENERAL, and Hebrew titles at the end of Books.

Attention is drawn to some important entries in GENERAL:-

Anglo-Jewish Association
Board of Deputies
Board of Guardians, Jewish
Federation of Synagogues
Spanish & Portuguese Congregation
United Synagogue

For these entries abstracts of meetings are given in addition to general entries.

Pen-names are grouped together, and searchers for persons should consider likely entries here. Individual synagogues are grouped together; and so are Wills & bequests.

London includes aspects of local government such as vestries, but see also City of London, and Whitechapel.

Press, newspapers, journals and magazines are grouped under this heading. It also includes foreign press except Russia, which appears under that country in ABROAD.

Statistics: information given by country in ABROAD is also assembled here for convenience.

JEWISH CHRONICLE INDEX 1891-1895 (continued)

"Books & Bookmen" gives details of articles, mainly by "I.A." (Israel Abrahams) by date, as they appeared. Books mentioned here are also listed by title in SPECIAL, and authors are also listed in PERSONALIA.

Useful lists of cross-references are given under such headings as Art & Jews; Blood accusations (blood libels); Health & sickness of Jews; Hospitals.

In PROVINCES, entries pertaining to Ireland, Scotland and Wales as a whole are included under these headings.

This index was compiled on behalf of the Jewish Chronicle Limited by Mrs. L. Rubin.
